ABOUT ME

Full-stack developer with hands-on experience in latest JavaScript frameworks and backend technologies. Proficient in creating secure, responsive, and high-performing applications. Innovatively inclined, problem-solving, and collaborative by nature, with emphasis on continuous learning and professional development.

EXPERIENCE

Trainee Web Developer, Learn To Upgrade	New Delhi, Delhi
<i>Intern</i>	<i>Jun 2024 - Aug 2024</i>
- Developed responsive and dynamic web applications using modern front-end technologies (HTML, CSS, JavaScript, React). - Collaborated with senior developers to implement API integrations and improve overall site performance. - Gained hands-on experience with version control (Git), debugging, and troubleshooting code.	

PROJECTS

Xmart (Ecommerce Website) - Link
- Developed and deployed a full-stack eCommerce platform "Xmart" using the MERN stack (MongoDB, Express.js, React, Node.js), offering a user-friendly interface for purchasing a wide range of products including mobiles, laptops, and groceries. - Implemented features such as product management, user authentication, shopping cart, and payment gateway integration.
MedAI – Intelligent Healthcare & Diagnosis Assistant - Link
- Developed an AI-powered web application using Next.js and Node.js to provide intelligent medical assistance. - MedAI enables users to input symptoms and receive real-time disease predictions, medical advice, and doctor recommendations through a dynamic chatbot interface. Integrated JWT-based authentication, user profile management with avatar support, and multilingual translation via DeepL API.
